

Welcome,

On behalf of the staff at The Residences, and all the employees of United HomeCare, we want to sincerely thank you for considering us as your new home.

The Residences of United HomeCare represents the culmination of years of planning and hard work to build a modern, state-of-the-art residence that will serve as a model for senior living in our community. It is truly a labor of love and one of which we are very proud.

As beautiful as our building is on the outside, it's what's inside that counts. Our residents enjoy superb services delivered by trained, compassionate professionals, so that families can have peace of mind knowing their loved ones are getting the personalized attention and care they deserve.

Our parent company, United HomeCare, has been providing high quality care to the elderly for over forty years. We have a sterling reputation within our community and in the industry. A great deal of our longevity and success is based on the fact that we treat our clients as if they are family members.

Should you choose The Residences as your new home, our commitment is to treat you like family, making sure you are loved, and are comfortable, happy and healthy. We also promise to provide you with a vibrant lifestyle that will keep your mind engaged, your body active, and your soul fulfilled.

We understand that choosing the right assisted living community can be overwhelming. We are here to guide and assist and answer any questions you might have. Do not hesitate to call us with any inquiries.

Thank you for considering us.

Sincerely,

A handwritten signature in black ink that reads 'Maria Torre'.
