Celebrating Over 50 Years

The year 2023 marked a decade of renewal and innovation for United HomeCare® (UHC) on its 50th Anniversary of serving South Florida. United HomeCare is more resilient than ever, and we have expanded our services to include a new branch office in Broward County. Our mission of caring is stronger thanks to our volunteers, donors, and employees. We are forever grateful to our dedicated home care heroes, including our home health aides and nurses who have served on the frontline since the beginning of the COVID-19 pandemic.

In 2020, United HomeCare launched an innovative Learn & Work Program to address a local and national caregiver workforce shortage. Learn & Work provides entry-level Home Health Aide employment with 40-hours of in-kind training. Over 200 new Home Health Aides have entered the workforce and are serving our community's older adults.

UHC has also become a designated Alzheimer's Disease Initiative (ADI) Agency for Case Management with funding support to serve both Miami-Dade County and Broward County. We are proud to assist the community as an ADI provider, helping more family caregivers in need of support at home.

Reflecting on over 50 years of dedicated service, United HomeCare is honored to have improved the quality of life for tens of thousands of elderly and disabled individuals in South Florida. Today, we are a leading non-profit home health and community care organization in the State of Florida, and a home care provider for Florida Medicaid Managed, Long Term Care Plans. Since our founding by the United Way of Miami-Dade in 1973, United HomeCare's mission has promoted independence and wellness. Our dedicated employees work hard to provide our fellow citizens and neighbors with the high quality of care services they need and deserve to live independently in the comfort of their home.

Community support of our mission of caring is vital. Your charitable donations help to fund charity care and **transform senior living** for our most needy elderly clients with underfunded care plans. Donations and volunteers help United HomeCare to fulfill its mission of caring and strengthens our ability to help older adults where they prefer to live. As baby boomers age and retire and medical advances increase lifespans, the need for home health care is greater than ever. Thank you for your generous support!

United HomeCare's strong financial health, ongoing accountability, and transparency earned a "Give with Confidence 4 out of 4 Star Rating" from Charity Navigator, an indicator of our organization's financial health and our commitment to govern practices and policies.

Charity Navigator is the world's largest and most independent non-profit evaluator.
